WORK EXPERIENCE

Freelance

Jan 2023 - Present

I have completed a variety of projects in JavaScript, React, and TypeScript, and have effectively implemented CI/CD workflows using GitHub. [Projects on page 2.](#)

Frontend Web Development Intensive Generation Australia

Sep 2023 - Dec 2023

- I graduated from Generation Australia 12-week intensive program, in conjunction with Codecademy.
- Collaborating with a team I participated in completing 3 web projects using HTML, CSS JavaScript, and React.
- Fostered collaboration and code management skills by utilising GitHub for version control.

CRM Consultant Modus 1

Mar 2018 - Jan 2022

In my role as a CRM Consultant at Modus 1, I was first point of contact for onboarding and weekly reporting of adoption metrics. Key highlights:

- Managed data migration effectively while onboarding new and existing client accounts into CRM.
- Provided precise and timely project status updates to stakeholders, influencing project direction and reducing project costs by 12%.
- I developed expertise in CRM systems, SQL databases and providing technical support to users.

Marketing Coordinator Synergex Media

Feb 2022 - Sep 2023

I leveraged my technical skills to deliver effective marketing solutions and drive business growth. Key accomplishments:

- Implemented web design improvements on clients' websites for better accessibility, boosting conversion rates by 36%.
- Set up and configured CRM systems (Hubspot) based on business requirements, showcasing my problem-solving skills.
- Developed wireframes and high fidelity prototypes to improve ROI and conversion ratios.

Legal Clerk

Hutchison Lawyers

Mar 2018 - Jan 2022

I was responsible for managing client relationships and ensuring legal compliance. Here are some key tasks I performed:

- Researched legislation for civil matters and procured documents from clients.
- Responsible for maintenance of client files and conducting a compliance audit on a weekly basis.
- This experience has enriched my understanding of legal practice management, and my ability to efficiently research legislation and regulations.
